

PRODUCT DATA

FABRIC SOFTENER & SANITIZER

DESCRIPTION

AllChem Fabric Softener & Sanitizer is designed to soften and eliminate static cling from laundered fabrics while sanitizing. Perfect for Hospitals, Hotels and Motels, Geriatric Homes, AllChem Fabric Softener and Sanitizer will leave your fabrics feeling fresh and smelling clean with the added benefit eliminating the spread of germs and bacteria. Laundry will have a smooth, fluffy feel right after the dryer. This product reduces the rigidity of fabrics which reduces fibre damage and can prolong fabric life as well as aid in the ironing process by reducing wrinkles.

INSTRUCTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labelling.

AllChem Fabric Softener & Sanitizer is a concentrated formulation designed for use in commercial and institutional laundry operations by addition to the final rinse cycle.

The residual self-sanitizing activity reduces the number of odour causing bacteria from wet contamination.

Residual self-sanitizing level of bacterial control

Add 5 fluid ounces of this product per 100 lbs. of dry laundry to the final rinse cycle water.

At this rate, this product provides, to the fabric, a residual self-sanitizing activity against odour-causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination.

Residual bacteriostat level of bacterial control

Add 20 fluid ounces of this product per 100 lbs. of dry laundry to the final rinse cycle water.

At this rate, this product provides, to the fabric, a residual bacteriostat activity against odour-causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination.

PRODUCT DATA

FABRIC SOFTENER & SANITIZER

This product inhibits the growth of organisms which act on urine to produce ammonia in diapers and wet bed linens. It also softens clothes, thereby eliminating chafing and “static cling” from nylons and other synthetic fabrics. The use of this product will also help to improve ironing time.

FEATURES

This product is highly recommended for used in commercial and institutional facilities where sanitization of washed fabrics and softness is a major concern. It is an EPA registered sanitizer that must be used according to strict guidelines. AllChem Fabric Softener & Sanitizer is the right product for those facilities that needs the extra power of a sanitizing agent as well as an anti-static softener

- At 5oz per 100lbs of dry laundry, it is a bacteriostat that will help control odours caused by gram positive and negative bacteria.
- At 20oz per 100lbs of dry laundry, it is a residual self-sanitizer that kills 99.9% of bacteria present.

SPECIFICATIONS

Appearance:	Blue Liquid	pH:	5.5
Odour:	Spring Fresh		
Specific gravity:	1.03		

PACKAGING: 5 Gallon

ITEM CODE: LAU301
