

PRODUCT DATA

NON-ACID GROUT CLEANER

DESCRIPTION

This powerful blend of ingredients will cut through dirt and soil to clean and brighten dingy grout in one easy step. Since it is non-acid and non-etching, AllChem Non-Acid Grout Cleaner is safe for all natural stones including limestone, marble, travertine, granite and slate as well as ceramic, porcelain and quarry tile.

INSTRUCTIONS

MIXING:

Dissolve 2 scoops of product per gallon of hot water. Use the hottest water possible. Add the product to the hot water right at the area to be treated and apply immediately. If using a 5 gallon mixing pail don't add more than 3 gallons of water to allow room for product to bubble and foam.

APPLICATION:

Spread solution over the surface, wait 5 minutes then agitate with a hand or mechanical brush. Rinse with plain water, wet-vac to recover dirty solution.

FEATURES

- Non-acid
- Non-etching
- Fast action
- Safe on all natural stone
