

PRODUCT DATA

AUTOMOTIVE WASH & WAX

DESCRIPTION

This is a concentrated wash and wax product that has been uniquely formulated for automatic or hand washing cars, trucks, buses and other vehicles. AllChem Wash & Wax is a modern combination of synthetic detergents and emulsifiers, which provides effective cleaning to all vehicle surfaces. This product will quickly remove dirt and grease soils from surfaces leaving behind a gleaming shine. This superior automobile wash and wax has a neutral pH and contains no acids, abrasives or strong alkalis that might cause damage of contaminate streams, water supplies, or septic tanks after rinsing. This product will safely and completely perform all vehicle cleaning jobs with benefits of high foam and dries without spotting.

INSTRUCTIONS

This product is highly concentrated and can be diluted as high as 1 ounce per gallon of water depending on the severity of soiling of automobile surfaces.

To clean greasy build-ups, use 6 – 8 ounces of product per gallon of water.

Interior cleaning of cars, trucks or buses is effortless at 2 – 3 ounces per gallon of hot or cold water. Consult your AllChem Sales Representative for use in automatic systems.
