

PRODUCT DATA

DISHWASHING LIQUID

DESCRIPTION

AllChem Dishwashing Liquid was formulated to suspend grease so that it can be rinsed away with water easily. Because of its chemical makeup, this product leaves behind no residue or streaking. This product is non abrasive making it gentle enough to wash your hands. AllChem Dishwashing Liquid is designed for efficient & thorough cleaning of pots and pans, glassware, and silverware. Even after repeated use of this product, hands will retain their softness. Product is a concentrated liquid detergent that provides excellent cleaning for grease.

INSTRUCTIONS

For use as a pot and pan hand wash detergent or may be used for hand washing only. Apply 1/4-1/2 ounce per gallon of hot water in sink. Wash pots, pans, glassware, or silverware thoroughly. Then rinse and allow to air dry. This product leaves a fresh lemon scent while removing grease and food remains.
