

## PRODUCT DATA

### ECONOMY CAR WASH

#### DESCRIPTION

AllChem Economy Car Wash is a high sudsing product that has been uniquely formulated for hand washing cars, trucks, buses, and other vehicles. This product is a modern combination of synthetic detergents and emulsifiers, which provides effective cleaning to all vehicle surfaces. This product will quickly remove dirt and greasy soils for surfaces without damaging or dulling any finishes. This superior automobile wash has a neutral pH and contains no acids, abrasives, or strong alkalis that might cause damage and will not contaminate streams, water supplies, or septic tanks after rinsing. It is highly concentrated for economical use and works well in automatic car washing systems. This product will safely and completely perform all vehicle-cleaning jobs.

#### INSTRUCTIONS

This product is highly concentrated and can be diluted as high as 1 ounce per gallon of water depending of severity of soiling of automobile surfaces. To clean greasy build-ups, use 6 to 8 ounces of product per gallon of water. Interior cleaning of cars, trucks, or buses is effortless at 2 to 3 ounces per gallon of hot or cold water. Consult your AllChem sales representative of use in automatic systems.

#### FEATURES

- High foaming for effective cleaning
- Will not harm streams or septic tanks
- Safe for all vehicle surfaces
- 100% biodegradable
- Economical - highly concentrated
- Environmentally friendly
- Nontoxic, non-corrosive, and non-flammable
- Quickly removes grease and dirt
