

## PRODUCT DATA

### FLOOR FINISH STRIPPER

#### DESCRIPTION

A 55% active speed stripper that easily cuts through multi-layers of burnished floor finish. This true, no-rinse stripper is the fastest working floor finish liquefier on the market. Low foaming, no scrub and no rinse features make this product a must for all professional floor care systems.

For the rapid removal of all floor finishes and waxes from resilient flooring including: vinyl, vinyl asbestos, vinyl composition, asphalt, linoleum, and rubber tiles. Also ideal for finished non-resilient floors such as: terrazzo, marble, ceramic, quarry tile, concrete, and poured epoxy flooring. Greatest savings are realized when using automatic scrubbing equipment.

#### INSTRUCTIONS

**Mop/Wet Vacuum Stripping System:** Dilute in cold or mildly warm water from one part product to 2 parts water for heavily built-up or highly burnished finishes, to one part product to 5 parts water for normal build-up. Apply liberally with a mop to an area small enough so as not to allow the product to dry and allow to stand for 3 to 5 minutes. Agitate with a mop and remove solution and old finish with a wet vacuum. Allow floor to dry thoroughly and apply new finish as directed by manufacturer. If complete stripping is not accomplished repeat above procedure before reapplication of new finish.

**Floor Machine Stripping System:** Dilute and apply product as above using a dilution of 1 part product to 16 parts water varying according to build-up conditions. Product may be applied with a mop or automatic scrubber. Allow to stand for 3 to 5 minutes, scrub with a rotary floor machine or automatic scrubber equipped with stripping pads. Remove solution and old finish with a wet vacuum and allow floor to dry completely.

#### FEATURES

- No rinse stripper
- Super concentrated
- Fast acting

## PRODUCT DATA

### FLOOR FINISH STRIPPER

#### SPECIFICATIONS

Appearance:	Yellow/Green Liquid	pH:	11.0-12.0
Odour:	Butyl	Detergency:	Good
Specific gravity:	0.97	Active Ingredient:	55%

**PACKAGING: 4 x 1 Gallon, 5 Gallon**

**ITEM CODE: FLO201**

#### SAFETY

Keep out of the reach of children! This product is 100% biodegradable formula and contains phosphates. Take care not to get in eyes. Consult Material Safety Data Sheet for medical procedures for instructions on incidents to skin and eyes and for preventive measures.
