

PRODUCT DATA

PREMIUM DEGREASER

DESCRIPTION

AllChem Premium Degreaser is an industrial strength; water soluble, non-flammable butyl solvent detergent degreaser, which incorporates, advanced concepts in chemical soil removal. It will effectively remove a wide variety of soils common to industrial, institutional and commercial facilities including accumulations of grease, oil, dirt, soot, smoke, food, and light rust stains. It also handles grease and grime with quick ease while assuring the removal of build-up not cleaned by normal cleaning procedures. At full strength, this product will strip paint on most surfaces and allow for easy removal. Diluted to proper ratios, it is safe on most surfaces.

INSTRUCTIONS

When cleaning heavy grease and grime from engines, metal, floors or equipment where paint removal is wanted AllChem Premium Degreaser should be used at full strength. When cleaning heavy grease and grime from engines, metal, floors or equipment where paint removal is not desired AllChem Premium Degreaser should be first diluted with water. Refer to label for proper dilutions. This product may be diluted up to 200-1 for light duty jobs such as cleaning walls and floors or pre-soaking parts. When using this product, make sure entire area is covered by water to ensure complete contact with solution. Do not allow this product to dry on glass, plastic or soft metals to prevent possible etching or pitting. Rinse these surfaces. For best results, care should be taken to test a small area prior to use.

FEATURES

- Works well on all surfaces
- Safe to use on painted surfaces and soft metals
- Works equally well in all types of water regardless of hardness
